## PADOVA DOOR DISCONTINUED

### Effective Immediately

Customers please note that the Padova Walnut door has been discontinued with immediate effect. There is still a limited number of various sizes available, please contact **Mark** in CPC for more details.

# TIP-ON for TANDEMBOX

The mechanical opening support system for TANDEMBOX in handle-less furniture

## Functional opening comfort

and easily adjustable

### Reliable handle-less opening

Handle-less drawers and pull-outs can be opened easily and reliably with TIP-ON for TANDEMBOX. A light touch on any part of the frontal is all that's required. Once opened the drawer can be stopped in any position. TIP-ON can also be used with wide frontals thanks to the specially developed synchronisation feature.

### Secure closing and stopping

During the development of TIP-ON, we made sure that there was a secure latching function when closing: TANDEMBOX pull-outs close easily with a gentle push. The mechanism latches securely and holds the drawer closed.

### THE MANY ADVANTAGES OF TIP-ON

#### No additional depth requirement in the cabinet

As all the components are fitted to the underside of the drawer; cabinet depth requirements remain unchanged.

#### Proven, simple assembly

Only a few steps are required for TIP-ON assembly. TANDEMBOX drawers and pull-outs can be assembled as normal.

#### Tool-free depth adjustment

Depth adjustment is tool-free and the drawer does not have to be removed.

#### Small programme, wide ranging application.

You can use TIP-ON for all common TANDEMBOX applications: From standard cabinets to special solutions such as the Blum sink drawers.

## EGGER PRICE CHANGES

Effective 1st June

As many of you will already know, due to a significant change in the price of various papers used in the construction of Egger products, Egger have reviewed their pricing structure.

Unfortunately, some papers have risen in price by as much as 17%; however other more popular colours will fall by 4%. On average this should not make a big difference to the price of your weekly purchase and in most cases it will lead to a saving.

If you have not received the new Egger pricing structure yet, please contact a member of the sales team in CPC.

## NEW DOOR SIZES

Three new sizes have been introduced for the Colorado, Nevada & Oregon doors:

- 283 x 895
- 355 x 895
- 1060 x 595

For more information please contact **Mark** in CPC.

Colorado

Nevada

Oregon

## ANOTHER SUCCESSFUL SOCIAL CLUB EVENT

On 23rd April the CPC Social Club ran another successful event in the form of a table quiz. Held in the Dunleath Bar, Cookstown, an enjoyable night was had by all especially the winners of the quiz. The winning team **'The Devils'** was made up of **Marty McNally, Daniel**

**Macek, Andrea O'Hare** and **Joe Muldoon**. We have been assured no devilish 'cheating' took place... Andrea has been kind enough to supply a lovely photograph of the team.

The Social Club is all set for a night of ghost hunting in Richhill Castle and we'll report back on any spooky goings they encounter in the next issue.

## NEW ARRIVALS

Many congratulations to **Neill**, our accountant, and his wife **Leanne** on their new arrival of a baby boy named **Caleb** weighing 5lb 11oz

Also, **Clive**, group buyer, has had another addition to his family - a little boy called **Luke** weighing in at 7lb 13oz

## ONE MAN AND HIS MINI

Guess the weight of Aalvohn & his mini combined  
Closest answer wins goods worth £50

# Our in-house cut to size and edging facility...

...has been continuing to grow over the recent months and years.

## Cut-to-size

CPC have an in-house cut-to-size and edging facility, the main features being:

- Computer optimized for best board utilisation
- Bales Ripped to Size
- Cut & Edged to Your Requirements
- Carcass Components Cut & Edged

We can help you overcome high insurance costs by letting us cut your board to your requirements.

Major benefits:

- No wastage
- Computer optimized for best board utilisation
- No dust issues
- Perfect finish on edges by using diamond cutting
- You don't need large storage areas to hold sheet stock

## Edging

We are able to offer a comprehensive edging package

Edging Materials:

- 0.8mm PVC Edging
- Up to 3mm PVC Edging
- Veneered Edging
- Laminate Edging

## Stock Cut Panels

We have now started to stock a wide range of cut panels which are available 'off the shelf'. All these panels are 2800 x 650 x 18 mm with 0.8mm PVC edging along 2 long edges. With our most popular colours available customers should experience a quicker turn-around time when ordering.

**If you have any queries about our cut & edge service please contact John at CPC**

# NULEAF MFC Doors

Don't forget we have recently released MFC doors as part of the NULEAF range.

Made from Egger boards and with a 2mm PVC edging they are perfect for both kitchens and bedrooms.

NULEAF.
